ESA – ENGINEERING SCHOOL

ESA is a private Institute of Higher Education and Research founded in 1898. Since 1963, ESA is also recognized as an Engineering School by the French body, CTI.

Located in Western France (Angers) and in Paris, ESA teaches its students the scientific, technical and professional skills needed to address the economic, social and ecological realities of numerous scientific fields from Agriculture to Viticulture and Enology.

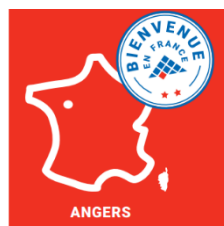

ESA's diplomas are all accredited by the French Ministry of Higher Education and Scientific Research.
