

Αγαπητοί φοιτητές που ενδιαφέρεστε για πρακτική Erasmus, παρατίθεται το ενθαρρυντικό mail - όπως το λάβαμε- και όποιος/α ενδιαφέρεται ας επικοινωνήσει απευθείας με την κα Κραββαρίτη (στα αγγλικά κατά προτίμηση) στην e-διεύθυνση Elina.Kravvariti@frulact.com

Dear Sir or Madame,

I trust this email finds you well.

I am an alumnus from the TEI of Athens (now University of West Attica) and I now work as Applied Research and Technology manager in Frulact, a B2C food ingredient supplier with headquarters in Portugal.

At this moment, in my team I have an open vacancy for a **Food Technology Intern for 6 months**, and I would like to review the possibility to accept an Erasmus+ student from your institute.

This is the first time I am working with the Erasmus + programme so I am not sure how universities can connect with food industry. I start from here, as your international affairs office helped me many years ago with my own internship, and I value the quality of work done in the Food Technology department.

I am available for a call if you would be interested in discussing further.

Your support in this matter would be highly appreciated.

Best regards,

Elina Kravvariti
Applied Research & Technology Manager
