

# ICM Erasmus+ Report

## on mixed mobility to University of Trinidad and Tobago - Caribic

### 10-14 July 2023

by Kanellou Anastasia

Staff mobility to the University of Trinidad and Tobago (UTT) took place during July 10-14 of July 2023, in the context of ICM Erasmus+, by the Faculty Erasmus Coordinator A. Kanellou. Besides meeting staff in the same field of expertise (Prof Knights team), local companies/markets visits took also place in relation to training issues

 A photograph showing three individuals standing in front of a banner for 'namdevco'. The banner features a stylized green leaf logo and the text 'THE NATI... MARKETING... CORP...'. The individuals are a woman in a black blazer, a woman in a light-colored patterned top, and a man in a dark shirt and jeans.	 A photograph of a woman with short, curly grey hair smiling. She is standing in front of the entrance to the UTT ECIAF campus, which has a large sign with 'UTT' and 'Centeno' and a red and white graphic.

This did merge the real market needs with the course material offered in the related food science faculty and this is an advisable good practices approach. Avoiding overlapping issues and filling educational needs in the syllabi were addressed. Since the mobility of two Colleagues would follow immediately (17-21 July), it was a good opportunity to meet them in person, prior to their arrival in Athens and discuss agenda details.
